The Alaska Department of Transportation and Public Facilities is redesigning the Kenai Spur Highway between Sports Lake Road and Swires Road. The Kenai Spur Highway Rehabilitation Project, which will include widening the current highway to five lanes with a two-way-left-turn center lane, aims to improve safety and reduce congestion. You are invited to a Public Open House to learn more about the project and the proposed improvements and provide your feedback. Comments on the project will be collected and used to assist the planning team in finalizing their design.

Online Open House

If you can't make the meeting in person, visit us online! An Online Open House will be available from May 29 - June 29, 2015 at www.kenaispurrehab.com. In the Online Open House, you can view the May 28th Open House meeting materials and leave comments for the project team.
